WAŻNE!

Przed rozpoczęciem montażu uważnie przeczytaj instrukcję. Zanim rozpoczniesz montaż dokładnie sprawdź swój produkt. Zamontowanie produktu z widoczną wadą powoduje utratę gwarancji.

UWAGA!

Aby zapobiec przeciekaniu wody silikon należy nałożyć na zewnętrznej stronie kabiny, a nie wewnątrz! Zachowaj tę instrukcję na przyszłość.

IMPORTANT!

Read all instructions carefully before starting the installation. Thoroughly inspect your product before proceeding with the installation. The warranty will be void if the product is installed with a conspicuous defect.

CAUTION!

To prevent leaks, silicone must be applied on the outside of the shower and not on the inside !
Save this manual for future reference.

DŮLEŽITÉ!

Před zahájením montáže si pozorně přečtěte návod. Před zahájením montáže zkontrolujte důkladně výrobek. Namontování výrobku s viditelnou vadou způsobí ztrátu záruky.

POZOR!

Pro zabránění protékání vody, naneste silikon na vnější, nikoli vnitřní stranu zástěny! Tento návod si uschovejte pro budoucí použití.
